

18th Annual CPEG Scientific Meeting

Dear Supporter,

On behalf of the Canadian Pediatric Endocrine Group (CPEG), we look forward to your strong support our upcoming CPEG Annual Scientific Meeting taking place at the Delta Hotels Saskatoon Downtown on February 8 to February 10, 2024 in Saskatoon, Saskatchewan.

This well-attended annual meeting is the opportunity for all Canadian pediatric endocrinologists to meet around a highly scientific program that covers novel aspects of pediatric endocrinology and diabetes. We are also pleased to invite all Canadian pediatric endocrine trainees. In addition, nurses in pediatric endocrinology will be joining us for both joint and separate sessions. We anticipate that this meeting will bring approximately 150 Canadian pediatric endocrine health professionals together. Scientific sessions include basic and clinical talks, presentations by junior CPEG members, poster presentations and debates around important questions in pediatric endocrinology and diabetes.

We hope your organization will support this educational activity by providing an unrestricted educational grant to CPEG. We are asking for a financial commitment from you. Sponsorship levels are available as Platinum (\$30,000), Gold (\$20,000), Silver (\$12,500), and Bronze (\$7,500). The scientific program is being developed and we will inform you of its content in due course.

Thank you for your continued support of this great program and look forward to collaborating with you on this extremely successful annual scientific meeting.

Conditions and Regulations

- Sponsorship will be recognized as a financial contribution at appropriate levels
- All funds are submitted in the form of unrestricted educational grants
- The meeting program is set by planning committees and financial contributors have no influence on the content
- This meeting is administered by Continuing Professional Development, University of Toronto. All agreements and payments should be directed to their office.
