Accreditation
The Office of Continuing Education and Professional Development (CEPD), faculty of Medicine, University of Toronto is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows the CEPD to apply for educational activities, based on the criteria established by The College of Family Physicians of Canada, the Royal College of Physicians and Surgeons of Canada, the American Medical Association, and the European Accreditation Council for Continuing Medical Education (EACCME). 

Letters of accreditation/attendance will be available online following the conference. Participants will be emailed information approximately two weeks after completion of the course specifying how to obtain their letters online.
A one-day continuing education event which focuses on helping clinicians and diabetes educators learn how to provide best practice teaching, decision making, and counseling in diabetes management. The year’s course has a major emphasis on endocrinology and diabetes management. This year’s program includes plenary lectures followed by smaller, concurrent sessions with case studies and interactive touch-pad questions. Participants will have the opportunity to attend one concurrent session in the morning and one concurrent session in the afternoon.

Goals & Objectives

Participants will be able to:

- Understand and use newer therapies effectively in the management of Type 2 diabetes.
- Be aware of the potential improvements in managing diabetes using continuous glucose monitoring and insulin pumps.
- Be aware of how gender affects the management of diabetes.
- Counsel about carbohydrate counting and the use of insulin in the management of diabetes.
- Understand the potential perils associated with insulin therapy最好 suited for the patient.
- Counsel and/or manage women in gestational diabetes.

Accreditation

The Office of Continuing Education and Professional Development (CEPD), faculty of Medicine, University of Toronto is fully accredited by the Committee on Accreditation of Continuing Education for Canadian Medical Schools (CACMS), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CAMS). This standard allows the Office of CME to apply for educational activities based on the criteria established by the College of Family Physicians of Canada, the Royal College of Physicians and Surgeons of Canada, based on the criteria established by The College of Family Physicians of Canada, the Royal College of Physicians and Surgeons of Canada, the American Medical Association, and the European Accreditation Council for Continuing Medical Education (EACCME).

Each course specifies what the participant may obtain their letters online.

Disclosure

Speakers will be requested to disclose any financial or real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the program.
goals & objectives
Participants will be able to:
- Understand the need for better diabetes management in Type 2 diabetes.
- Be aware of the potential improvements in managing diabetes using continuous glucose sensing and insulin pumps.
- Be aware of the potential benefits of continuous glucose monitoring and counseling in diabetes management.
- Understand the potential effect of continuous glucose monitoring and counseling in diabetes management.
- Counsel about carbohydrate counting and the use of insulin in the management of diabetes.
- Counsel patients to take insulin and other therapies best suited for the patient.
- Counsel and/or prescribe insulin and other therapies effectively in the management of diabetes.
- Counsel about and/or prescribe insulin pumps in a future closed loop continuous glucose sensing and insulin pump therapy.
- Be aware of the potential improvement in the management of Type 2 diabetes.
- Understand and use newer therapies and counseling in diabetes management. This year's course has a major emphasis on an interdisciplinary approach to diabetes management. The format and content aims to complement the management and counseling of adolescents with gestational diabetes.

Accreditation
The Office of Continuing Education and Professional Development (CEPD), faculty of Medicine, University of Toronto is fully accredited by the Committee on Accreditation of Continuing Education of the Canadian Medical Association (CACME), a sub-committee of the Committee on Accreditation of Canadian Medical Schools (CACMS). The standard allows a progressive OFFICE OF CREDENTIALING for educational activities, based on the criteria established by The College of Family Physicians of Canada, the Royal College of Physicians and Surgeons of Canada, the American Medical Association, and the European Accreditation Council for Continuing Medical Education (EACCME).

Letters of accreditation/attendance will be available online following the conference. Participants will be emailed information approximately two weeks after completion of the course specifying how to obtain their letters online.

Program
Each lecture will include a 15-minute question period for participants to share their experiences and ask questions related to diabetes and further improve the presentation. Participants will have the opportunity to attend one concurrent session in the morning and one concurrent session in the afternoon.
