June 14-17, 2017
TORONTO, CANADA

7th Conference of the International Society of Interpersonal Psychotherapy (ISIPT)
**Interpersonal Psychotherapy (IPT) in the 21st Century:
Innovations, Challenges and Discoveries**

University of Toronto Conference Centre, 89 Chestnut Street, Downtown Toronto

Interpersonal Psychotherapy (IPT) is an effective, evidence-supported depression treatment in international consensus guidelines (APA; WHO; CanMAT; NICE; Health Quality Ontario). Expand your therapeutic repertoire and discover new research with leading IPT experts at this conference. **Keynote presentations, symposia and workshops** for those experienced or new to IPT on: treatment of depression (children, adolescents, perinatal and adults), bipolar disorder and PTSD; global mental health; and dissemination science as applied to psychotherapies.
