

Creative Project: Leading and Influencing Change in CPD 2020

This is a self-directed project, in which you will be matched with coach to support your learning.

The project is to consider a challenge or issue in your organization, and design and implement a plan for change. This should be something relevant to your role and your organization and may include the development of a new program, a new learning or assessment strategy, integration of QI, and etc.

Creative Project Timeline

Step 1	Week 1 (April 2020)	Aim Statement
Step 2	Week 1 (April 2020)	Learning contract – outline background, problem, and approach
Step 3	In between Week 1 and 2 (April 3 – October 2020)	Execute plan for change, participate in coaching sessions
Step 4	Week 2 (October 26, 2020)	Final written assignment due
Step 5	Week 2 (October 26-30, 2020)	Final presentations delivered

Note: Some past participants have chosen to develop their final project into a publication. If this is your intent, we advise you to apply for Ethics Approval early on in the process, ideally following Week 1 of the program.
