Adult Neurology Training Program
University of Toronto

Program Overview

This one-day conference is directed to helping family physicians, internists, psychiatrists, geriatricians, physiatrists, nurse practitioners and others improve their clinical skills and knowledge with regards to evaluating patients with common neurological presentations.

New in 2022:

- The program will be offered in-person and virtually giving sponsors many different options to connect with participants.
- Plenary sessions will cover topics in multiple subspecialties of neurology with a focus on practical, high-yield points.
- Those attending in-person will be invited to join two hands-on neurological examination workshops led by neurologists, which will run in parallel with the plenary sessions throughout the day.
- All sessions will be recorded and made available for review after the conference.

Target Audience

- Family Physicians
- General Internists
- Geriatricians
- Psychiatrists
- Physiatrists
- Emergency Physicians
- Nurse Practitioners
- Allied Health Professionals
